Quality Genetics

4th Annual Stag Sale

Wednesday 18th December 2013
Viewing 9.00 am - Auction 10.30am

441 Plateau Road, Reporoa
malcolm@canesdeer.co.nz www.canesdeer.co.nz

Location

Canes Deer Farm is located at 441 Plateau Road, Reporoa. 40 minutes drive from Rotorua or 30 minutes from Taupo. Once you are on the Broadlands Road which runs between Reporoa and Taupo, take Strathmore or East Rd and travel to the end, where they join in a Y junction and run into Plateau Road. We are 4.4km from this Y junction on the left.

Introduction

Hello and Welcome to our Fourth Annual Stag Sale at Canes Deer.

Our stags are well ahead of usual in their antler development this year, we think due to the mild early spring weather. As we did last year, we are having a mid December sale. The other North Island studs have joined us so you will get to see the best the North Island has to offer in three days of sales.

Odysseus sons dominate the catalogue again this year, showing his incredible consistency over numerous blood lines. Also on offer are eleven yearling hinds. These are our very best, and most have been bred by E.T from our most proven hinds.

We will have our sale stags in the shed on Sunday the 15th of December from 3pm to give those that are interested a chance to view what we have prior to the sales. We hope this will help you in your sire stag selection process. Also on display will be our sires, and for added interest we will be running a guess the IOA competition on Robsta, a new multi pointed sire we have. Please note that this competition will only be run on the 15th, as Robsta and the sires won't be yarded on sale day.

We hope you enjoy the North Island sales and we look forward to welcoming you at Canes Deer on 18th Dec from 9 am for viewing and brunch, followed by the auction at 10.30am.

Kind Regards

Conditions of Sale

1. The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.
2. Each lot becomes the purchaser's property and risk at the fall of the hammer.
3. Warranties and Insurance are covered under separate headings.
4. Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.
5. The sale is conducted exclusive of GST.
6. A buyers commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [No later than 24hrs prior to sale] are made with PGG Wrightson.
7. Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.
8. Delivery dockets must be signed, giving explicit transport, dehorning and any insurance instructions.
9. All Deer held for purchaser's on the vendors property will be held at the owners risk.
10. Horning of all stags (at owners risk) will be carried by the vendor prior to delivery unless requested otherwise (see clause 11) All velvet remains the property of the vendor unless arranged otherwise.
11. Any buyers wanting antlers grown out must state this clearly on documentation and arrange with the vendor please.
12. No animals, embryos or semen sold by Canes Deer, or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny may be supplied to a third party without the written permission of the stud.
13. This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.
14. It is a condition of sale of any animals, embryos, germplasm or semen sold by Canes Deer that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party- "the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

Insurance

PGG Wrightsons AON insurance available on the day.

Sire References

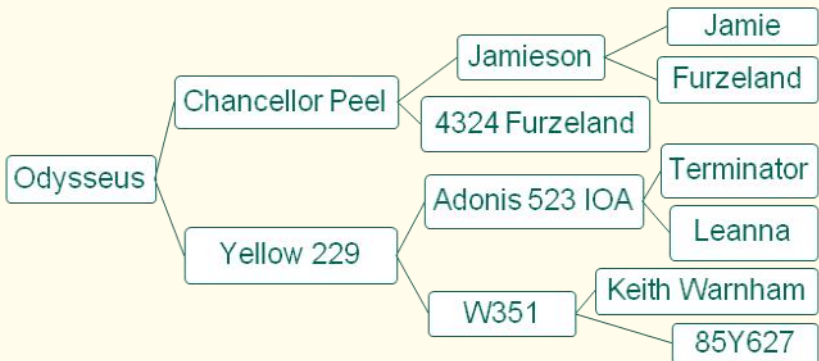

Odysseus Broadband Matthew Davidson Kane

Competition - 15th Dec

Guess the IOA 2014 score of our upcoming 5 yr old sire **Robsta** and win 3 straws of his semen. (subject to collection) **Please note: Entries taken only on 15th Dec** as this stag won't be yarded again on sale day.

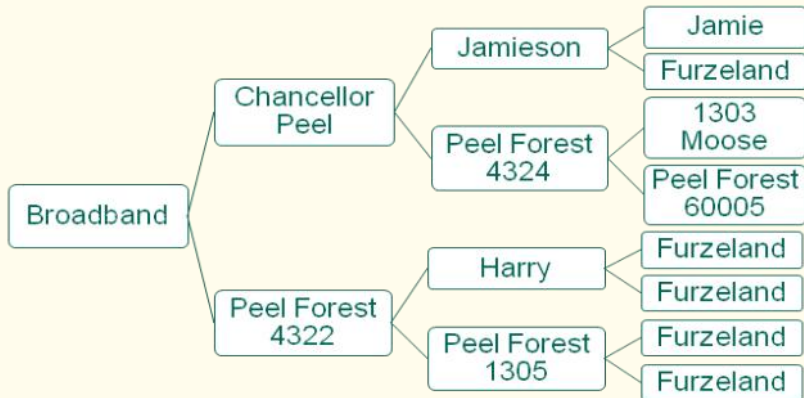

Odysseus

Odysseus is currently our main sire. A good natured stag who has the attractive trophy style antler much sought after in the industry, and he is certainly passing this on. We are thrilled with his offspring and anyone serious about trophy genetics should consider his bloodlines. Royal tynes are exceptionally long, very strong in bey and trey and main beam length of 45/43" Sadly no longer with us but his strong genetics will guarantee his legacy continues for many years to come .

Age	Points		Score	Span
1 yr	11x15	26		
2 yr	14x15	29	355	
3 yr	21x19	40	461	
4 yr	17x17	34	484	
5 yr	18x17	35	529	
6 yr	19x21	40	603	
7 yr	18x21	40	638	30"
8 yr			617	30"
9 yr	18x22	40	702	31"

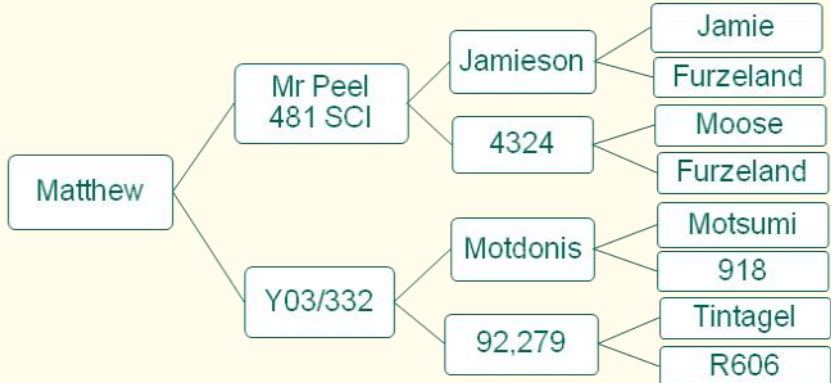

Broadband

Broadband is a magnificent Pure Furzeland Chancellor Peel son who was sold as a trophy last year. His span at 7yrs of 34" and spread of 62" are particularly wide for a Furzeland Stag making him a great option if you want to increase width in your herd. His multi pointed open tops score very well, and he has the most fantastic cruisy temperament.

Age	Points	Score	Span	Spread
4 yr	36	468		
5 yr	38	503		
6 yr	38	509		
7 yr	37	552	34"	62"
8 yr	37	566		
9 yr	38	585		

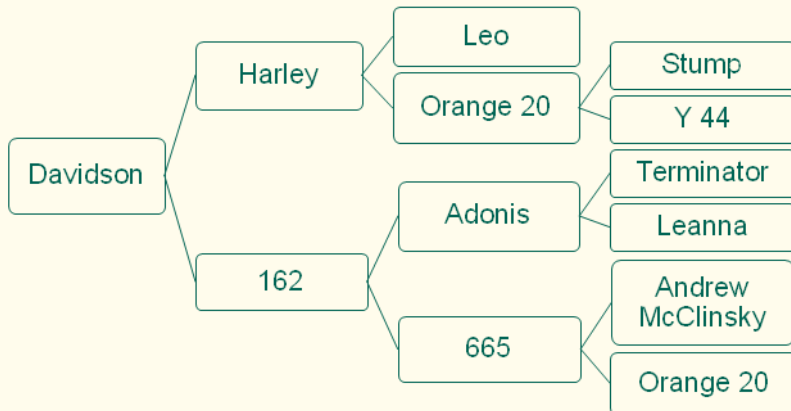

Matthew

Matthew is coming up 7 years old and has certainly got the wow factor required by the trophy industry. He was unofficially scored by Peter Crowle at 638 IOA @ 6 yrs, (he will be officially scored at the NI Velvet competition)

Age	Points	Span	Score
2 yr	27		
3 yr			438
4 yr	42	30" Int	551
5 yr	39		594
6 yr	48		638

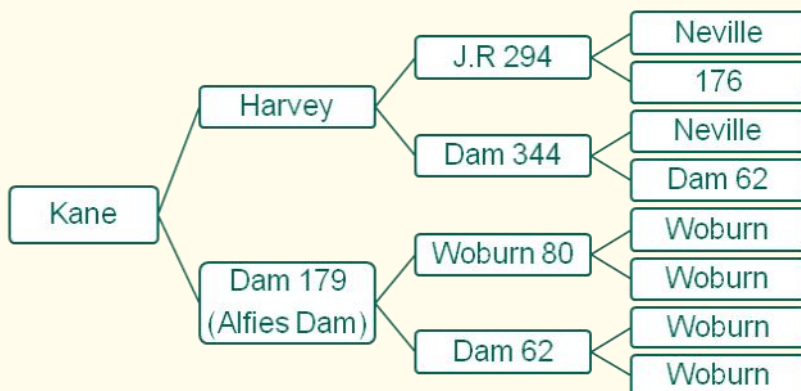

Davidson

Davidson is a quiet high achiever, scoring a massive 751 IOA at just 7 years. Owned by Broadleaf Trust, we are fortunate to have been able to use these genetics.

Age	Score IOA
7 yr	751

Kane

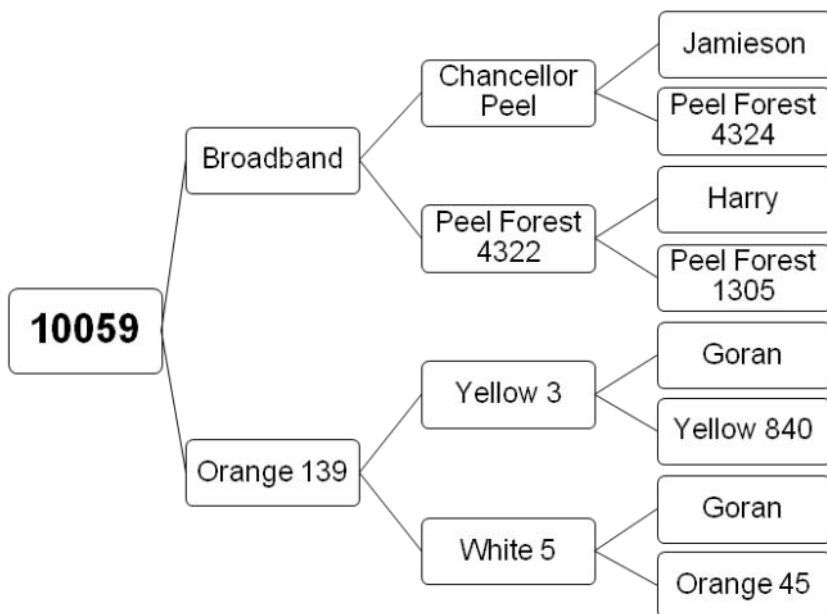

We used Kane as our predominant sire between 2002 and 2004, and have since used him selectively in our AI programme, so we now have a good number of hinds with Kane in their background. His 5yr score of 544 was equal to the World Record SCI at the time. Kane has shown very solid heritability and his offspring show strong bey and trey development along with multi pointed

Age	Points	Score
2 yr	33	375
3 yr		451
4 yr		503
5 yr	50	544
6 yr		569
10 yr		603

Lot No 1
3 yr stag

CANES DEER
Quality Genetics

Tag No
10059

Huge Broadband son with massive brow, bey, trey combination. Multi pointed tops developing with an estimate of 28-30 pts. Dam 139 produced Lot 7 in our 1st stag sale but he damaged his antler before the sale and was withdrawn. We trophied him the following year with a IOA of 470at just 4 yrs!

Lot No 4
3 yr stag

CANES DEER
Quality Genetics

Tag No:
10434

434 has a great set of trophy antlers. Wide, very good brows and beys, trifurcating treys and multi pointed tops. This is a serious stag with 40+ points. P 376's last 3 sons have all been sale quality. Lot 13 2011 by Broadband purchased by J Dreardon and Lot 25 2012 by Fuzie. 3 sale stags by 3 different sires shows she is a proven hind. Unfortunately no longer with us.
