

CANES DEER

Quality Genetics

6th Annual Sale

Friday 18th December 2015
Viewing 9 am - Auction 10 am

441 Plateau Road, Reporoa
malcolm@canesdeer.co.nz www.canesdeer.co.nz

Location

Canes Deer Farm is located at 441 Plateau Road, Reporoa. 40 minutes drive from Rotorua or 30 minutes from Taupo. Once you are on the Broadlands Road which runs between Reporoa and Taupo, take Strathmore or East Rd and travel to the end, where they join in a Y junction and run into Plateau Road. We are 4.4km from this Y junction on the left.

Introduction

Hello and welcome to the sixth annual sale at Canes Deer.

As is usual at this time of year the stags are developing well and changing almost daily. I'm confident that by sale day they will be looking great. If I am to be completely honest, we always find it hard to part with these animals at sale time, we'd love to be able to keep them all! But the industry must continue to grow and we all play a part in that.

The stags and hinds for sale are by our main sires, plus several sires from other studs by AI. This the first sale with a strong presence of Matthew sons. Matthew really was an impressive all round stag with 44" main beams and 22.5kg of hard antler. He is the pending World Record SCI with a score of 730 inches.

The yearling hinds by Ody II, Infinity, Davidson, and Matthew offer truly exciting prospects for anyone wanting to breed trophies.

As we did last year we hope to have Ody II, Malibu and Norton II in the shed for a close up look at them in full antler.

We hope you enjoy the rest of the North Island Sale Circuit and look forward to seeing you on the 18th Dec from 9am onwards for viewing, with the auction around 10am. A light brunch and hot coffee will be ready when you arrive.

Kind Regards

Kathy and Malcolm Cane

Conditions of Sale

1. The sale will be conducted by Rural Livestock Ltd with the conditions of sale as set down by the Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.
2. Each lot becomes the purchaser's property and risk at the fall of the hammer.
3. Warranties and Insurance are covered under separate headings.
4. Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.
5. The sale is conducted exclusive of GST.
6. A buyers commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [No later than 24hrs prior to sale] are made with Rural Livestock Ltd
7. Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.
8. Delivery dockets must be signed, giving explicit transport, deVelveting and any insurance instructions.
9. All Deer held for purchaser's on the vendors property will be held at the owners risk.
10. Velveting of all stags (at owners risk) will be carried by the vendor prior to delivery unless requested otherwise (see clause 11) All velvet remains the property of the vendor unless arranged otherwise.
11. Any buyers wanting antlers grown out must state this clearly on documentation and arrange with the vendor please.
12. No animals, embryos or semen sold by Canes Deer, or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny may be supplied to a third party without the written permission of the stud.
13. This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.
14. It is a condition of sale of any animals, embryos, germplasm or semen sold by Canes Deer that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party- "the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

Guarantee

Should a stag prove to be infertile from natural causes it will be replaced or a full credit given for use at a subsequent Canes Deer Sale. In any such case the seller will not be held responsible for loss of production or consequential losses as a result of infertility. Notification of any dissatisfaction must be made within 12 months of date of sale.

Sire References

**Matthew
Odysseus
Broadband
Ody II
Infinity
Davidson
Othello
Heathrow
McCaw**

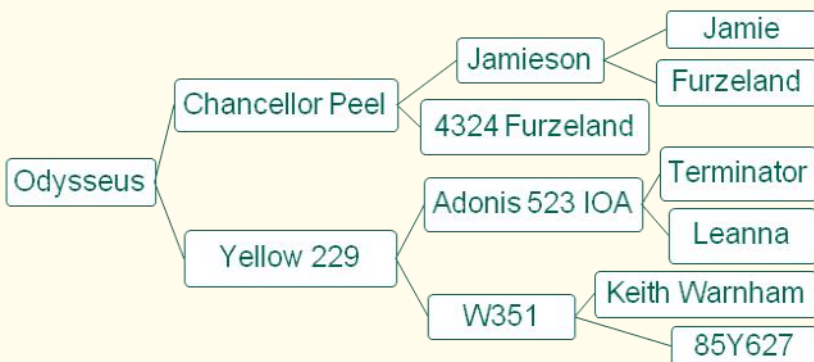

Matthew

We are currently awaiting confirmation that Matthew is the new SCI WORLD CHAMPION with a score of 730 inches. He produced an antler with a real wow factor demanded by the trophy industry and he has been passing this on beautifully.

Age	Points	Span	Score
3 yr			438
4 yr	42	30" Int	551
5 yr	39		594
6 yr	48		638
7 yr	46	35"	703
8 yr			730

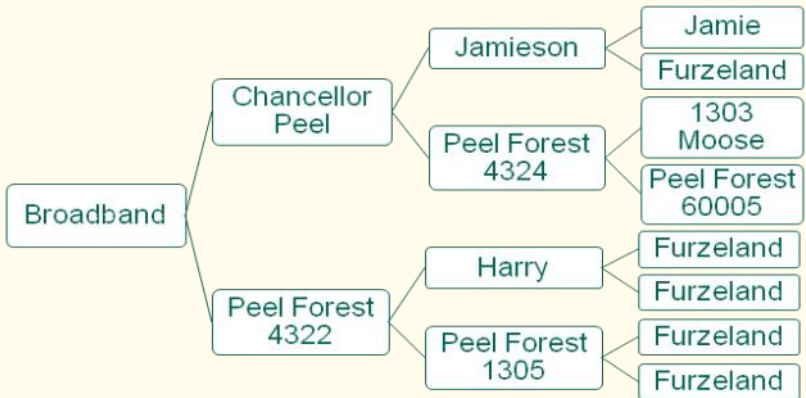

Odysseus

Odysseus was a good natured stag who had the attractive trophy style antler much sought after in the industry, and he is certainly passing this on. We are thrilled with his offspring and anyone serious about trophy genetics should consider his bloodlines. Royal tynes are exceptionally long, very strong in bey and trey and main beam length of 45/43" Sadly no longer with us but his strong genetics will guarantee his legacy continues for many years to come .

Age	Points		Score	Span
1 yr	11x15	26		
2 yr	14x15	29	355	
3 yr	21x19	40	461	
4 yr	17x17	34	484	
5 yr	18x17	35	529	
6 yr	19x21	40	603	
7 yr	18x21	40	638	30"
8 yr			617	30"
9 yr	18x22	40	702	31"

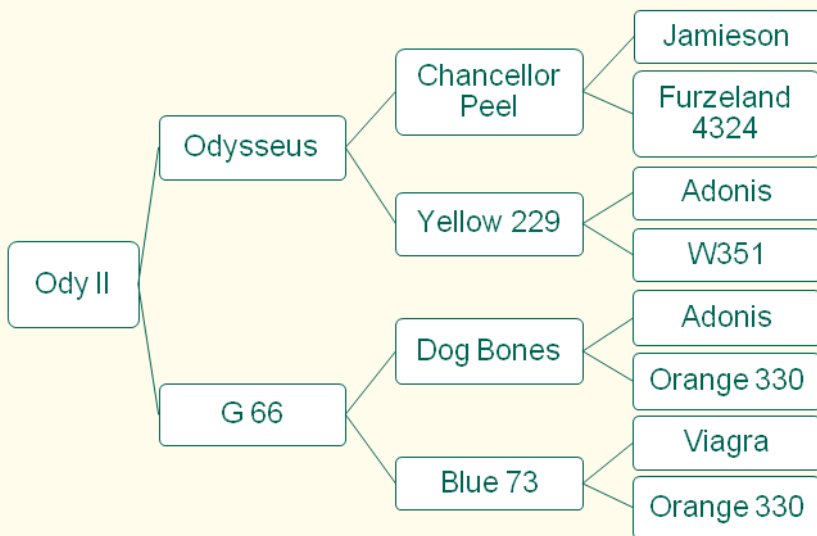

Broadband

Broadband was a magnificent Pure Furzeland Chancellor Peel son. His span at 7yrs of 34" and spread of 62" are particularly wide for a Furzeland Stag making him a great option if you want to increase width in your herd. His multi pointed open tops score very well. He had a most fantastic cruisy temperament and this trait is apparent in all his offspring too.

Age	Points	Score	Span	Spread
4 yr	36	468		
5 yr	38	503		
6 yr	38	509		
7 yr	37	552	34"	62"
8 yr	37	566		
9 yr	38	585		

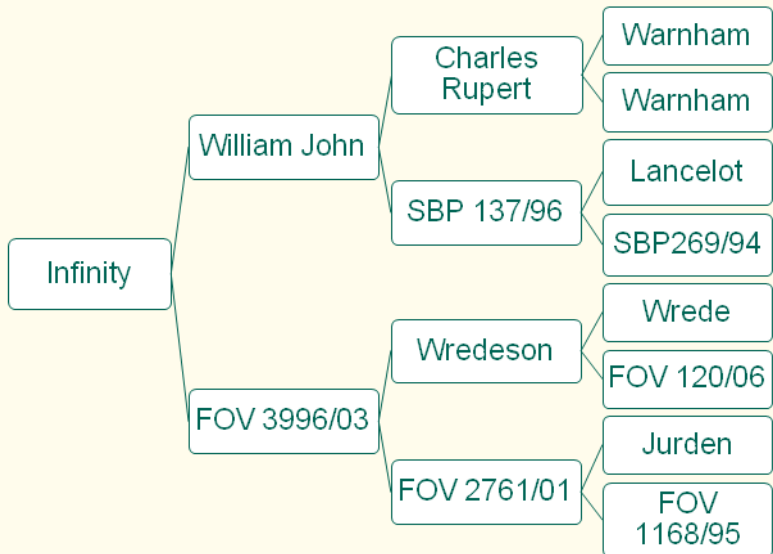

Ody II

Ody II is an amazing stag. Huge in the body with antlers to match. 45" main beams and 35" span with huge long tops. I really rate this guy.....hence his name.

Age	Score
4 yrs	575
5 yrs	

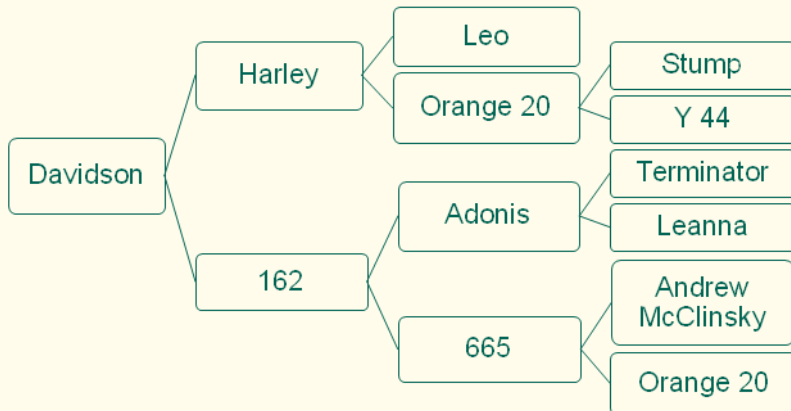

Infinity

Infinity has an impressive head with huge bottom tynes, and was purchased last year to bring in new genetics to cross with some of our Odysseus daughters. He is a German/Warnham cross and we look forward to seeing the results of this new mix.

Age	Score
7yr	640

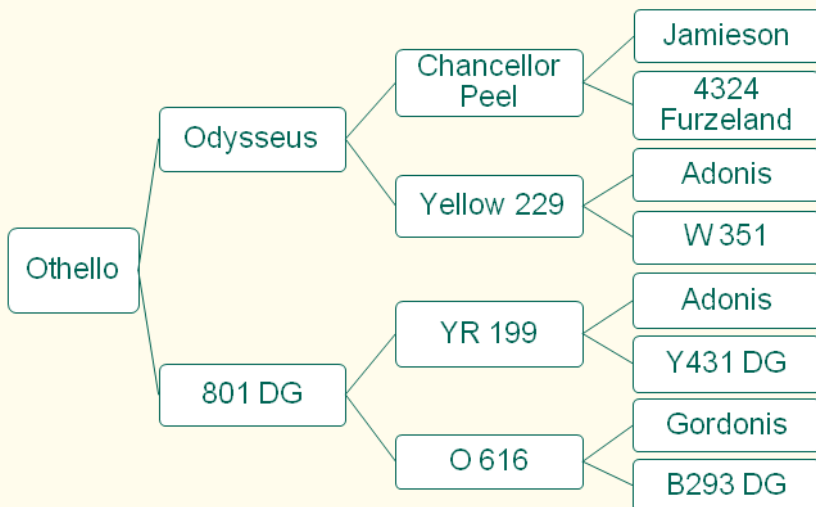

Davidson

Davidson was a quiet high achiever owned by Broadleaf Trust. He scored a massive 751 IOA at just 7 years. We are grateful to have been able to bring some of his genetics into our herd,

Age	Score IOA
7 yr	751

Othello

Othello is another Odysseus son owned by Sarnia. He carries nice even structure to his antler and we have just one of his son's in the sale.

Age	Score
5 yrs	560

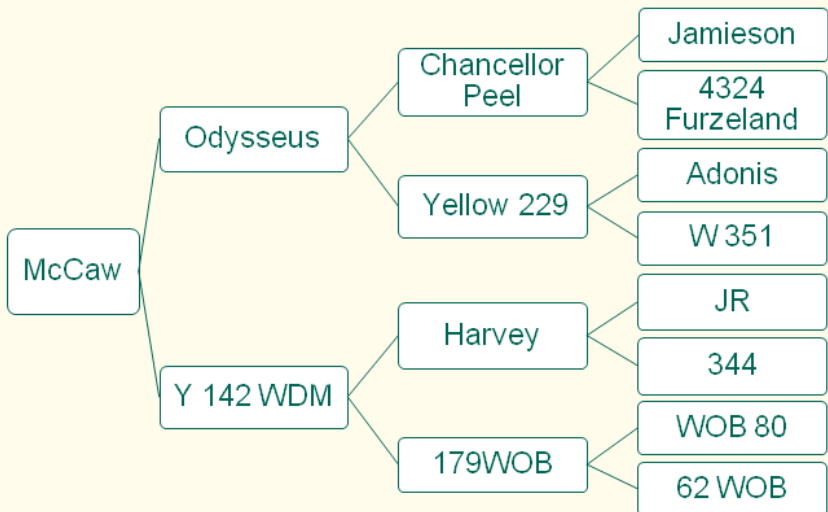

Heathrow

We have chosen to use Heathrow to bring in some new and varied genetics. There is a lot to like about him, progeny with good velvet weights, impressive antler, agreeable temperament and good venison traits as well.

Age	Score IOA
14	567

McCaw

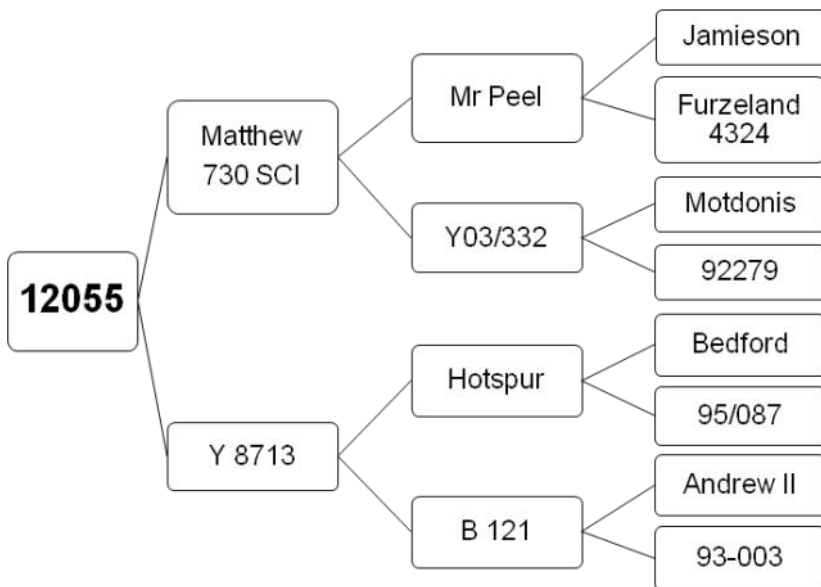

Another impressive Odysseus son sold to Foveran in 2012. Y 142 is a full sister to Kane. A great all rounder, superb temperament, great body conformation and incredible antler.

Age	Points	Score
3yr		568
4yr	56	512

Davidson over Pink 299, one of our top trophy producing dams. At this stage his antlers are colossal. I estimate 48-50 points, huge droppers, with 10 points coming off them. The beys, treys and the tops are all looking strong also. Only negative is he has short brows, but if he doesn't meet reserve I will be more than happy to retain him. He cut 4.6kg of SA velvet at 2 yrs.
