# Introduction

Hello and welcome to the 7th Annual sale at Canes Deer.

After a relatively kind winter and spring throughout much of the country, the shock of the big earthquake and the craziness of the velvet market have many people unsettled.

I hope that by the time you receive this catalogue some common sense has returned to velvet market, and if not that we as an industry can hold out and show buyers that we need sustainable prices to ensure a future for both.

This year many of our stags are well advanced in their antler development, due we think to any early mild spring. There are some top animals from a range of sires, including the first sons of Malibu, winner of the North Island Hard Antler competition, and Joshua, an Amadeus son who has crossed well with some Odysseus daughters.

Also on offer are twelve 2 year old hinds which will be available early March after weaning. These hinds are our very best, many bred by E.T. We are offering the purchaser the option to leave the hind here to mated to any of the following of our stags; Apex, Adidas, Koruba or Donovan. The service fee including grazing until early May 2017 will be \$500.

We look forward to welcoming you to Canes Deer on the 17th Dec from 4 pm for viewing, with the Auction starting at 5.30pm. A light meal will follow the sale.

*Kind Regards*

*Kathy and Malcolm Cane*

# Odysseus

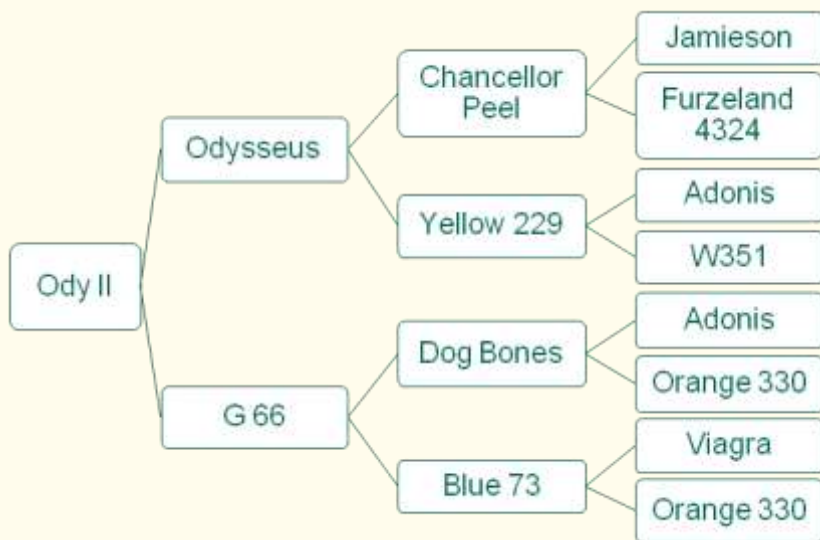

Odysseus was a good natured stag who had the attractive trophy style antler much sought after in the industry, and he is certainly passing this on. We are thrilled with his offspring and anyone serious about trophy genetics should consider his bloodlines. Royal tynes are exceptionally long, very strong in bey and trey and main beam length of 45/43". His strong genetics will guarantee his legacy continues for many years to come.

Banks was a Warnham stag with a whisker of Woburn blood. Rated as one of the top English EBV sires for growth rate. He was owned by Sarnia Deer and was a highly heritable stag, with just about all his progeny good enough to be sold as young sires.
